As per the World Championship NOR point 3.5, boats that have been used for the International Junior Sunfish Championships 2009 shall be assigned to the same Junior sailors that use them. Boats that were used by Junior sailors who choose not to compete in this Championship will be assigned to the last competitors to register.

The sailors marked in grey are individuals who are currently assigned the boats from the International Junior Championship. Those marked with an "*" are either a participant in the International Junior Championship, or have volunteered to use a boat from that event during the World Championship.
