

# Second Annual Sunfish Pumpkin Regatta

## Louisville Sailing Club Sunfish Fleet 213 Regatta

The Louisville Sailing Club invites you to the Second Annual Sunfish Pumpkin Regatta. LSC is located on Kentucky's bank of the Mighty Ohio, just 12 miles upriver from downtown Louisville with a majestic suspension bridge to the west and rolling hills in Fall Colors across the river; makes for a beautiful race venue. The river current, and Louisville winds can prove challenging like all other inland venues.

The Louisville Sailing Club offers a great venue for the Pumpkin Regatta; having recently hosted the Y-Flyer Internationals with success. Located in a metro area, the club is close to hotels, restaurants, and grocery stores. The race venue is immediately in front of the club, no long sails or tows out to the course, easy shore access between racing, and great viewing from shore. The club offers camping on site, or very close hotel options. Louisville offers many other attractions while not on the water, from the close by Bourbon trail, to horse racing history, as well as many nationally rated eating venues in many eclectic neighborhoods.

The Sunfish Pumpkin Regatta will be a two-day regatta that will provide competition regardless of your experience level. We hope to have twenty boats on the line. Dinner will be served following the day's racing. There are five club sunfish available on a first come bases. Please contact [Eugene Cox](mailto:coxeugene@att.net) ([coxeugene@att.net](mailto:coxeugene@att.net)) if you need to reserve a club boat.
